

Webinar on

Polyurethane foam disk passive air sampling of persistent organic pollutants in Indian cities-Atmospheric transport modeling and risk assessment

Thursday, 18th November 2021
Time 4:00 PM (+IST)

Registration is free.
E-Certificate will be provided to all attendees.

Stockholm Convention
Protecting human health and
the environment from persistent
organic pollutants

Organized by

Stockholm Convention Regional Centre (SCRC) on POPs for Asia Region,
CSIR-National Environmental Engineering Research Institute,
Nehru Marg, Nagpur, 440020, India

About Speaker

Dr. Paromita Chakraborty
Associate Professor ,
Dept of Chemical Engineering ,
SRM Institute of Science and
Technology,
Chennai, India

Dr. Paromita Chakraborty is Associate Professor at Dept of Chemical Engineering in SRM Institute of Science and Technology, Kattankulathur, India. Dr.Chakraborty leads the Environmental Science and Technology research group and her group is intensively working on fate, transport and cost-effective remediation techniques for legacy and emerging contaminants.

Dr. Chakraborty is the principal investigator for projects funded by national funding agencies like DST, MoEFCC, ICMR and international funding agencies like Indo-US Science and Technology Forum, Research Council of Norway, Norwegian Embassy and Swiss Development Cooperation. Her recent investigation on COVID-19 markers in community wastewater garnered the attention of stakeholders. Dr. Chakraborty published more than 75 journal articles. She is in the editorial board member of the journal "Science of Total Environment" and Associate editor of Arabian Journal of Geosciences.

Program Details

Opening Remarks & Activities by SCRC, CSIR-NEERI (4:00 PM)	Dr. A. N. Vaidya, Chief Scientist & Head, CHWMD
Introduction of Keynote Speaker (4:10 PM)	Dr. A. Ramesh Kumar, Sr. Scientist, CHWMD
Keynote Lecture (4:15-5:00 PM)	Dr. Paromita Chakraborty Associate Professor , SRM Institute of Science and Technology, Chennai, India
(5:00-5:10 PM)	Questions & Answers/Discussion
Vote of Thanks (5:15 PM)	Dr. Debishree Khan, Scientist, CHWMD

About CSIR-NEERI

CSIR-NEERI is endorsed as **Stockholm Convention Regional Centre (SCRC) on Persistent Organic Pollutants (POPs) for Asia Region** at COP-5 meeting held during 25-29th April 2011 at Geneva. The goal of the SCRC is to provide technical assistance for building capacities of the parties in the Asia region in relation to monitoring and assessment of POPs in the environment, transfer of technologies, raise awareness and promote identification and environmentally sound management (ESM) of POPs and POPs contaminated sites in the region. The Centre is also assisting the parties of Asia region in fulfilling their obligations of the Stockholm Convention.
